

Wisej.NET End User License Agreement (v4.0)

IMPORTANT - READ CAREFULLY

This End User License Agreement ("EULA") is a legal agreement between you, whether an individual or legal entity ("You" or "Your"), and Ice Tea Group LLC ("ITG") for Wisej.NET, including any associated software components, libraries, tools, sample code, documentation, media, updates, and other materials provided by ITG (collectively, the "Software").

By installing, copying, downloading, activating, accessing, or otherwise using the Software, You agree to be bound by this EULA. Written or electronic assent is not a prerequisite to the validity or enforceability of this EULA. If You do not agree to this EULA, do not install, copy, activate, access, or use the Software.

The Software is licensed, not sold.

1. DEFINITIONS

1.1 "Application" means a software application, website, service, or other work that You develop using the Software.

1.2 "Developer License" means a license that permits an authorized developer to install and use the Software to design, develop, compile, test, and maintain Applications.

1.3 "Server License" means a license that permits deployment, hosting, execution, or use of Applications on a production, staging, test, or other server environment, subject to the applicable license terms purchased by You.

1.4 "License Key" means any license code, access code, unlock code, activation credential, subscription credential, or other registration information supplied by ITG or its authorized resellers.

1.5 "Third-Party Components" means third-party software, libraries, frameworks, open-source components, or other materials included with or used by the Software.

2. GRANT OF LICENSE

Subject to Your compliance with this EULA and payment of all applicable fees, ITG grants You a limited, non-exclusive, non-transferable license to install and use the Software in object code form only, solely for the purposes permitted by the type, quantity, duration, and scope of the license You purchased or were otherwise authorized by ITG to use.

Unless the applicable order, invoice, subscription terms, license certificate, or written agreement with ITG states otherwise:

(a) a Developer License permits use of the Software by the licensed developer to create, modify, build, debug, and test Applications;

(b) a Server License is required to install, host, run, deploy, make available, or otherwise use the Software or Applications on any deployment server or server environment, including environments operated for or by a third party; and

(c) each license is limited to the number of users, developers, servers, cores, instances, sites, applications, environments, or other license metrics specified by ITG at the time of purchase or activation.

3. EVALUATION, TRIAL, BETA, AND FREE LICENSES

If the Software is provided under an evaluation, trial, beta, preview, community, free, not-for-resale, or similar limited license, You may use it only for the period and purpose authorized by ITG. ITG may impose functional, time, usage, deployment, or other limitations on such licenses. Software provided under a beta or preview license may contain errors and may be changed or discontinued at any time. Production use is not permitted unless expressly authorized by ITG in writing or by the applicable license terms.

4. LICENSE RESTRICTIONS

Except as expressly permitted by this EULA or applicable law, You may not, and may not permit any third party to:

(a) copy the Software, except as reasonably necessary for licensed use, backup, or archival purposes;

(b) modify, adapt, translate, or create derivative works of the Software;

(c) reverse engineer, decompile, disassemble, decode, decrypt, or otherwise attempt to derive or discover the source code, underlying ideas, algorithms, structure, or organization of the Software;

- (d) remove, obscure, or alter any copyright, trademark, patent, proprietary rights, license, or other notices contained in or displayed by the Software;
- (e) rent, lease, lend, sell, sublicense, distribute, publish, assign, transfer, or otherwise make the Software available to any third party except as expressly allowed by this EULA;
- (f) provide the Software itself, or direct access to the Software as a development tool, framework, platform, hosted service, service bureau, time-sharing environment, managed service, or similar offering for use by third parties, unless You have obtained the required license from ITG;
- (g) install, host, deploy, or use the Software on any server or environment that requires a Server License unless You have a valid Server License for that use;
- (h) publish, disclose, share, distribute, or otherwise make available any License Key or other end-user-specific registration information;
- (i) circumvent, disable, interfere with, or attempt to bypass any activation, license validation, usage metering, technical protection, or security feature of the Software;
- (j) use the Software in violation of any applicable law, regulation, court order, or third-party right; or
- (k) use the Software in a manner that exceeds or attempts to avoid the license type, quantity, duration, scope, or restrictions applicable to Your license.

5. APPLICATIONS AND REDISTRIBUTABLE COMPONENTS

You may use the Software to develop Applications for Yourself or for third parties, including customers or clients, and You may distribute those Applications if You comply with this EULA and the applicable license terms. Any runtime, library, or other component of the Software may be redistributed only if ITG expressly identifies it as redistributable and only as part of an Application, not as a standalone product or development tool.

You are solely responsible for Your Applications, including their design, development, testing, security, performance, licensing, distribution, support, operation, compliance with law, and any claims arising from them.

6. THIRD-PARTY COMPONENTS AND OPEN-SOURCE SOFTWARE

The Software may include or be distributed with Third-Party Components. Third-Party Components may be subject to separate license terms, notices, or attribution requirements. To the extent required by those separate terms, they govern Your use of the applicable Third-Party Components. Nothing in this EULA limits Your rights under any open-source license that applies to an open-source component included with the Software.

7. SUPPORT, MAINTENANCE, AND UPDATES

ITG may provide support, maintenance, updates, upgrades, patches, fixes, documentation, or supplemental code for the Software as described in the applicable order, subscription terms, support policy, online documentation, or other written materials provided by ITG. ITG may modify, suspend, or discontinue support offerings or update availability from time to time.

Any update, upgrade, patch, fix, supplemental code, or replacement version provided by ITG is part of the Software and is governed by this EULA unless ITG provides separate terms with it. An update or upgrade may require a valid license, active subscription, or payment of additional fees.

8. ACTIVATION, VALIDATION, AND LICENSE COMPLIANCE

The Software may require activation or periodic validation. When You activate, validate, or use a License Key, ITG may collect and process information reasonably necessary to administer licensing and prevent unauthorized use, including License Key information, product version, machine name, public IP address, MAC address, hardware identifiers, user or account identifiers, activation date, and validation status.

You agree that ITG may use this information to verify license compliance, provide support, maintain records, prevent fraud or unauthorized use, and enforce this EULA. If You do not agree to these activation and validation requirements, do not install, activate, copy, access, or use the Software.

9. OWNERSHIP AND RESERVATION OF RIGHTS

ITG and its licensors own and retain all right, title, and interest in and to the Software, including all copyrights, patents, trade secrets, trademarks, service marks, trade names, logos, icons, confidential information, proprietary rights, and other intellectual property rights in the Software throughout the world.

This EULA does not transfer ownership of the Software or any intellectual property rights to You. You receive only the limited license rights expressly granted in this EULA. All rights not expressly granted are reserved by ITG and its licensors. Nothing in this EULA limits ITG's right to use, modify, adapt, enhance, distribute, license, or commercialize the Software, any related technology, or any derivative work created by or for ITG.

10. CONFIDENTIALITY

The Software, License Keys, non-public documentation, pricing, technical information, benchmark results, roadmap information, beta or preview materials, and other non-public information provided by ITG are confidential information of ITG. You may not disclose ITG confidential information to any third party except as required to

exercise Your rights under this EULA and only if the recipient is bound by confidentiality obligations at least as protective as those in this EULA.

11. TRANSFER

You may not assign or transfer this EULA, the Software, or any license rights without ITG's prior written consent, except that You may transfer the Software and accompanying written materials on a permanent basis as part of a merger, acquisition, sale of substantially all of Your assets, or sale or transfer of the business unit or product line that uses the Software, provided that:

- (a) You retain no copies of the Software, License Keys, or related materials;
- (b) the recipient agrees in writing to be bound by this EULA and any applicable license terms;
- (c) You notify ITG before or promptly after the transfer and provide information reasonably requested by ITG to update license records; and
- (d) the transfer does not expand the license type, quantity, duration, scope, or permitted use of the Software.

Any attempted transfer in violation of this section is void. Upon a permitted transfer, Your license under this EULA terminates.

12. TERMINATION

This EULA remains effective until terminated. You may terminate it at any time by ceasing all use of the Software and destroying or permanently deleting all copies in Your possession or control.

ITG may terminate this EULA or any license granted under it if You materially breach this EULA and fail to cure the breach within ten (10) days after receiving notice, except that no cure period is required for breaches involving unauthorized distribution, disclosure of License Keys, circumvention of license controls, infringement or misappropriation of ITG intellectual property, or unlawful use.

Upon termination, You must immediately stop using the Software and uninstall, destroy, or permanently delete all copies of the Software, License Keys, and confidential information in Your possession or control. Sections that by their nature should survive termination will survive, including ownership, restrictions, confidentiality, payment obligations, warranty disclaimers, indemnification, limitation of liability, governing law, venue, and miscellaneous provisions.

13. LIMITED WARRANTY

For ninety (90) days after the date You first purchase a paid license for the Software, ITG warrants that the Software will perform substantially in accordance with the accompanying written documentation when used in accordance with this EULA and the documentation. This

limited warranty does not apply to evaluation, trial, beta, preview, community, free, not-for-resale, modified, unsupported, or unauthorized versions of the Software, or to problems caused by accident, abuse, misuse, unauthorized modification, third-party software, third-party services, hardware, network conditions, or use outside the scope of the documentation or this EULA.

ITG's sole obligation, and Your sole remedy, for breach of this limited warranty is, at ITG's option, to repair or replace the Software, provide a workaround, or refund the license fees paid for the affected Software and terminate the applicable license.

14. WARRANTY DISCLAIMER

EXCEPT FOR THE LIMITED WARRANTY EXPRESSLY STATED IN SECTION 13, THE SOFTWARE IS PROVIDED "AS IS" AND "AS AVAILABLE." TO THE MAXIMUM EXTENT PERMITTED BY LAW, ITG AND ITS LICENSORS DISCLAIM ALL WARRANTIES, REPRESENTATIONS, AND CONDITIONS, WHETHER EXPRESS, IMPLIED, STATUTORY, OR OTHERWISE, INCLUDING ANY IMPLIED WARRANTIES OF TITLE, MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT, ACCURACY, QUIET ENJOYMENT, SYSTEM INTEGRATION, OR THAT THE SOFTWARE WILL BE ERROR-FREE, SECURE, UNINTERRUPTED, OR COMPATIBLE WITH ANY PARTICULAR HARDWARE, SOFTWARE, SYSTEM, OR SERVICE.

You acknowledge that software may contain errors, defects, or security vulnerabilities and that You are responsible for determining whether the Software meets Your requirements before using it in production or other critical environments.

15. LIMITATION OF LIABILITY

TO THE MAXIMUM EXTENT PERMITTED BY LAW, IN NO EVENT WILL ITG, ITS DIRECTORS, OFFICERS, EMPLOYEES, AFFILIATES, PARTNERS, CONSULTANTS, REPRESENTATIVES, AGENTS, LICENSORS, OR SUPPLIERS BE LIABLE FOR ANY LOST PROFITS, LOST REVENUE, LOST BUSINESS OPPORTUNITIES, LOSS OF USE, BUSINESS INTERRUPTION, LOSS OF DATA, COST OF SUBSTITUTE GOODS OR SERVICES, OR ANY INDIRECT, SPECIAL, INCIDENTAL, EXEMPLARY, PUNITIVE, OR CONSEQUENTIAL DAMAGES OF ANY KIND, WHETHER ARISING IN CONTRACT, TORT, NEGLIGENCE, STRICT LIABILITY, PRODUCT LIABILITY, OR ANY OTHER THEORY, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

TO THE MAXIMUM EXTENT PERMITTED BY LAW, ITG'S TOTAL CUMULATIVE LIABILITY FOR ALL CLAIMS ARISING OUT OF OR RELATING TO THIS EULA OR THE SOFTWARE WILL NOT EXCEED THE

GREATER OF (A) THE AMOUNT YOU PAID TO ITG FOR THE SOFTWARE GIVING RISE TO THE CLAIM DURING THE TWELVE (12) MONTHS BEFORE THE EVENT GIVING RISE TO LIABILITY, OR (B) USD \$100.00.

The limitations in this section apply even if any limited remedy fails of its essential purpose. Some jurisdictions do not allow certain exclusions or limitations of liability, so some of the above limitations may not apply to You to the extent prohibited by law.

16. INDEMNIFICATION

You agree to defend, indemnify, and hold harmless ITG and its directors, officers, employees, affiliates, sublicensees, agents, representatives, licensors, and suppliers from and against any claims, demands, suits, proceedings, losses, liabilities, damages, judgments, settlements, costs, and expenses, including reasonable attorneys' fees and expert fees, arising out of or relating to:

- (a) Your Applications;
 - (b) Your use, deployment, distribution, operation, support, or commercialization of the Software or Applications;
 - (c) Your breach of this EULA;
 - (d) Your violation of law or third-party rights; or
 - (e) Your combination of the Software with software, data, systems, services, or materials not provided by ITG,
- except to the extent the claim is caused by ITG's willful misconduct.

17. EXPORT CONTROL AND GOVERNMENT USE

You must comply with all applicable export control, sanctions, import, and trade laws and regulations. You may not use, export, re-export, import, sell, release, or transfer the Software except as authorized by applicable law. You represent that You are not located in, under the control of, or a national or resident of any country or territory subject to comprehensive sanctions, and that You are not listed on any prohibited or restricted party list.

If the Software is acquired by or on behalf of the United States Government, it is commercial computer software and commercial computer software documentation developed exclusively at private expense, and it is provided with only the rights granted to all other end users under this EULA.

18. HIGH-RISK USES

The Software is not designed, intended, or warranted for use in hazardous, mission-critical, or life-critical environments, including nuclear facilities, aircraft navigation or communication systems, air traffic control, medical devices, emergency response systems, weapons systems, or any other environment where failure of the

Software could lead to death, personal injury, severe property damage, or severe environmental damage. You may not use the Software in such environments without ITG's prior written consent.

19. GOVERNING LAW AND VENUE

This EULA is governed by and construed in accordance with the laws of the State of Maryland, USA, without regard to conflicts of law principles. The United Nations Convention on Contracts for the International Sale of Goods does not apply.

You agree that any legal action, suit, or proceeding arising out of or relating to this EULA or the Software must be brought exclusively in the state or federal courts located in Montgomery County, Maryland, USA, and You consent to the personal jurisdiction and venue of those courts.

20. MISCELLANEOUS

If any provision of this EULA is held to be invalid, illegal, or unenforceable, that provision will be modified to the minimum extent necessary to make it enforceable, and the remaining provisions will remain in full force and effect.

Failure by ITG to enforce any provision of this EULA is not a waiver of future enforcement of that or any other provision. A waiver is effective only if in writing and signed by ITG.

You are responsible for all taxes, duties, levies, and similar governmental charges arising from Your purchase or use of the Software, excluding taxes based on ITG's net income.

This EULA does not create a partnership, joint venture, agency, fiduciary, or employment relationship between You and ITG.

21. ENTIRE AGREEMENT

This EULA, together with any applicable order, invoice, license certificate, subscription terms, support terms, or written agreement signed by ITG, is the entire agreement between You and ITG relating to the Software and supersedes all prior or contemporaneous oral or written communications, proposals, and representations relating to the Software.

If there is a conflict between this EULA and a separate written agreement signed by ITG, the signed written agreement controls to the extent of the conflict. If there is a conflict between this EULA and an order, invoice, license certificate, subscription term, support term, or online term provided by ITG, the more specific term controls to the extent of the conflict.

If you have any questions concerning this EULA please contact Ice Tea Group LLC by writing to support@iceteagroup.com.
